EMM.PAPPA-PLACE ARISTOTELOUS:
“We, the young people for the climate protection!”**

This mobility was hybrid, held both online and live at the same time. The participants of the live mobility were 20 students from Poland, France, Italy, Belgium and 35 from Greece. There were 12 teachers from the 5 countries. The 6th partner, the Bulgarian team, consisting of 1 teacher with her students, attended the meetings online due to covid19 restrictions.

If you press on the following link, you will see all the activities organised and carried out by the 6 partner schools during the mobility.

One comment by the host team: this e-book report is impossible to capture the precious moments of togetherness which students and teachers shared throughout this hybrid mobility.
