Survey assessment: Project management 2019-2020

The survey was addressed to the coordinators of Partner countries. It concerned Project management 2019-2020. 4 coordinators took part in the survey.

- 1) To the question: Did the project management meet your expectations?
100% of respondents answered: very good
- 2) To the question: How do you assess effectiveness of the provision of information on the project activities and mobility?
50% of respondents answered: very good
50% of respondents answered: very good
- 3) To the question: How do you rate the method, preparation and substantive knowledge provided by the project coordinator?
100% of respondents answered: very good
- 4) To the question: How do you rate the ability of the coordinator to create a good atmosphere around the activities and respond to the participants’ needs?
100% of respondents answered: very good
- 5) To the question: How do you rate planning of the project activities?
100% of respondents answered: very good

6) To the question: What do you think of the project coordinator's management style?

- **100%** of the respondents chose the proposals:

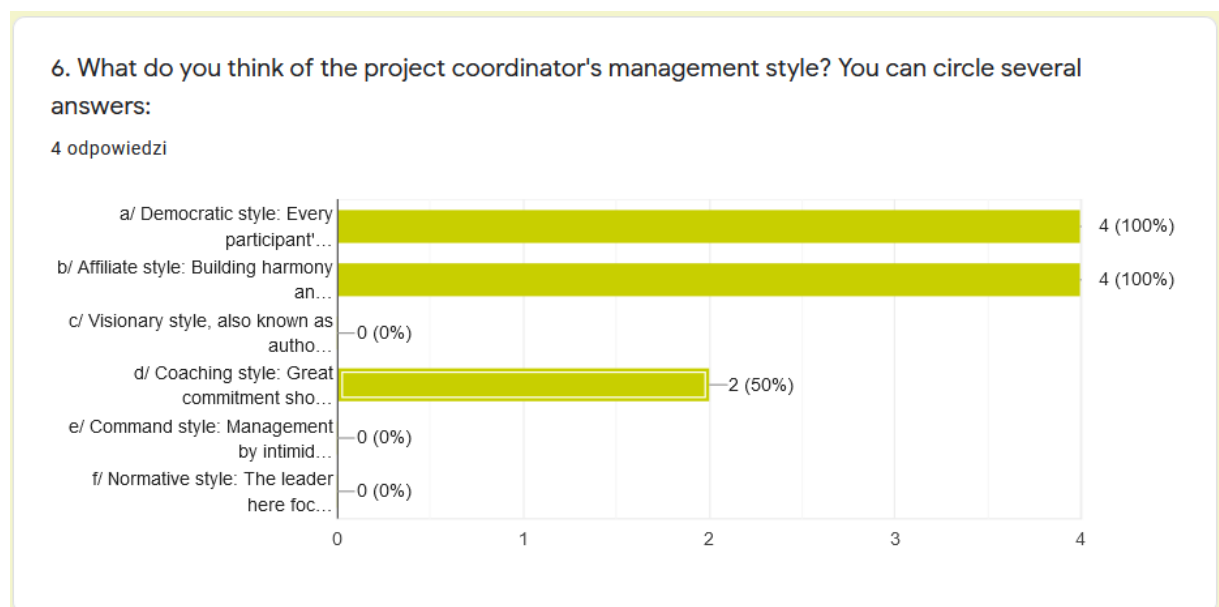

Democratic style - Every participant's opinion counts and ability to listen well

- **100%** of the respondents chose the proposals:

Affiliate style - Building harmony and understanding in the whole team; empathic coordinator

- **50%** of the respondents chose the proposals:

Coaching style - Great commitment shown to each team

Conclusions:

Survey participants are satisfied with the project management. The chosen management style and methods are effective in project implementation. The main coordinator builds a good atmosphere in the team.

Recommendations:

Try to strengthen the motivation in the team in the face of the coronavirus pandemic
